8. You disclose net cash used in operating activities in each period presented. Please discuss the operational reasons for the condition and explain how you intend to meet your cash requirements and maintain operations. In particular, discuss how you expect to satisfy your material cash requirements associated with repayment of debt and obligations associated with non-cancelable contracts for the purchase of goods and third-party services and operating leases through cash from operations as disclosed on page 318 while you have negative operating cash. Also address whether cash used in operating activities is a known trend and provide related disclosures. Refer to Item 303 of Regulation S-K and Release Nos. 33-6835 and 33-8350 for guidance.

General

9. On page 27 you state that L&F, ZeroFox and IDX are not aware of any material regulatory approvals or actions that are required for completion of the Business Combination other than the expiration or early termination of the waiting period under the HSR Act. In that regard, with a view toward disclosure, please tell us whether your

sponsor is, is controlled by, or has substantial ties with a non-U.S. person. Please also tell us whether anyone or any entity associated with or otherwise involved in the transaction, is, is controlled by, or has substantial ties with a non-U.S. person. If so, also include risk factor disclosure that addresses how this fact could impact your ability to complete your initial business combination. For instance, discuss the risk to investors that you may not be able to complete your initial business combination should the transaction be subject to review by a U.S. government entity, such as the Committee on Foreign Investment in the United States (CFIUS), or ultimately prohibited. Further, disclose that the time necessary for government review of the transaction or a decision to prohibit the transaction could

prevent you from completing an initial business combination and require you to liquidate.

Disclose the consequences of liquidation to investors, such as the losses of the investment

opportunity in a target company, any price appreciation in the combined company, and the

warrants, which would expire worthless.

You may contact Blaise Rhodes at 202-551-3774 or Doug Jones at 202-551-3309 if you

have questions regarding comments on the financial statements and related matters. Please

contact Jennie Beysolow at 202-551-8108 or Erin Jaskot at 202-551-3442 with any other

questions.
